.....

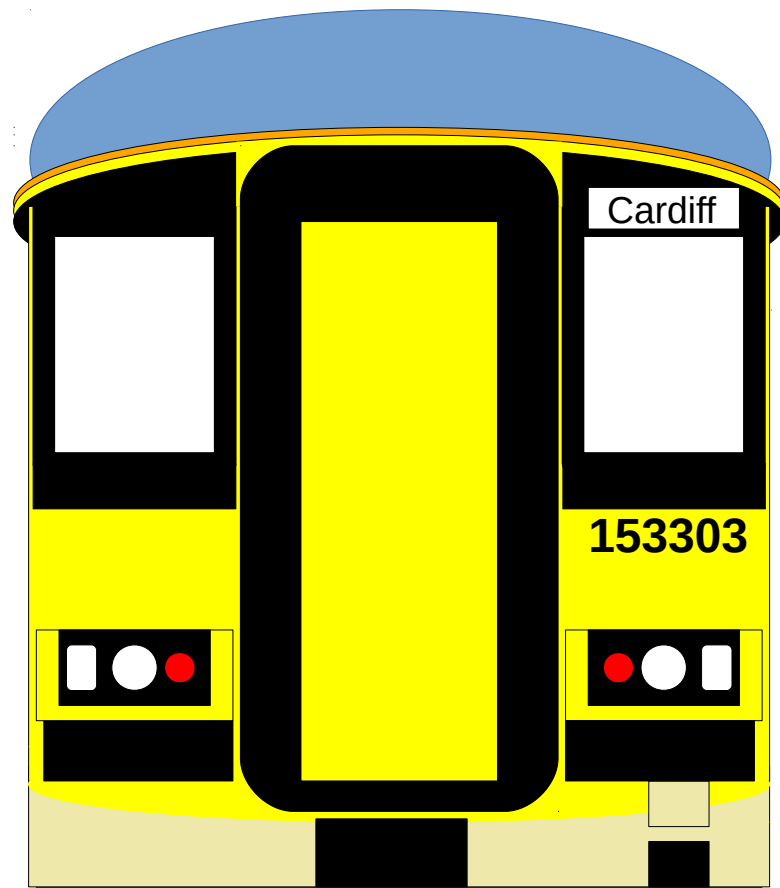

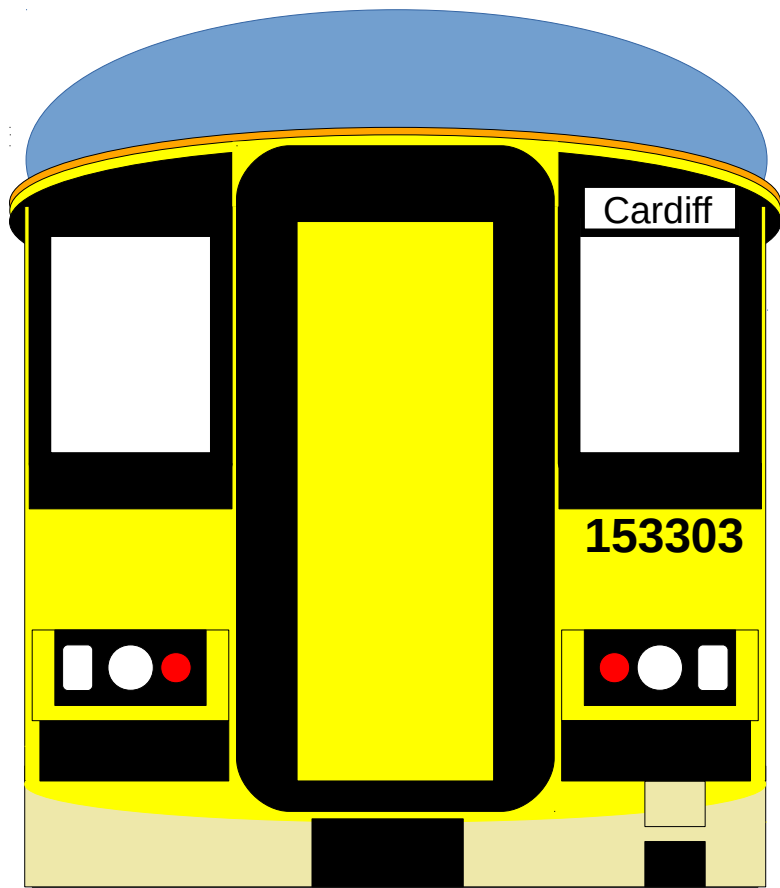

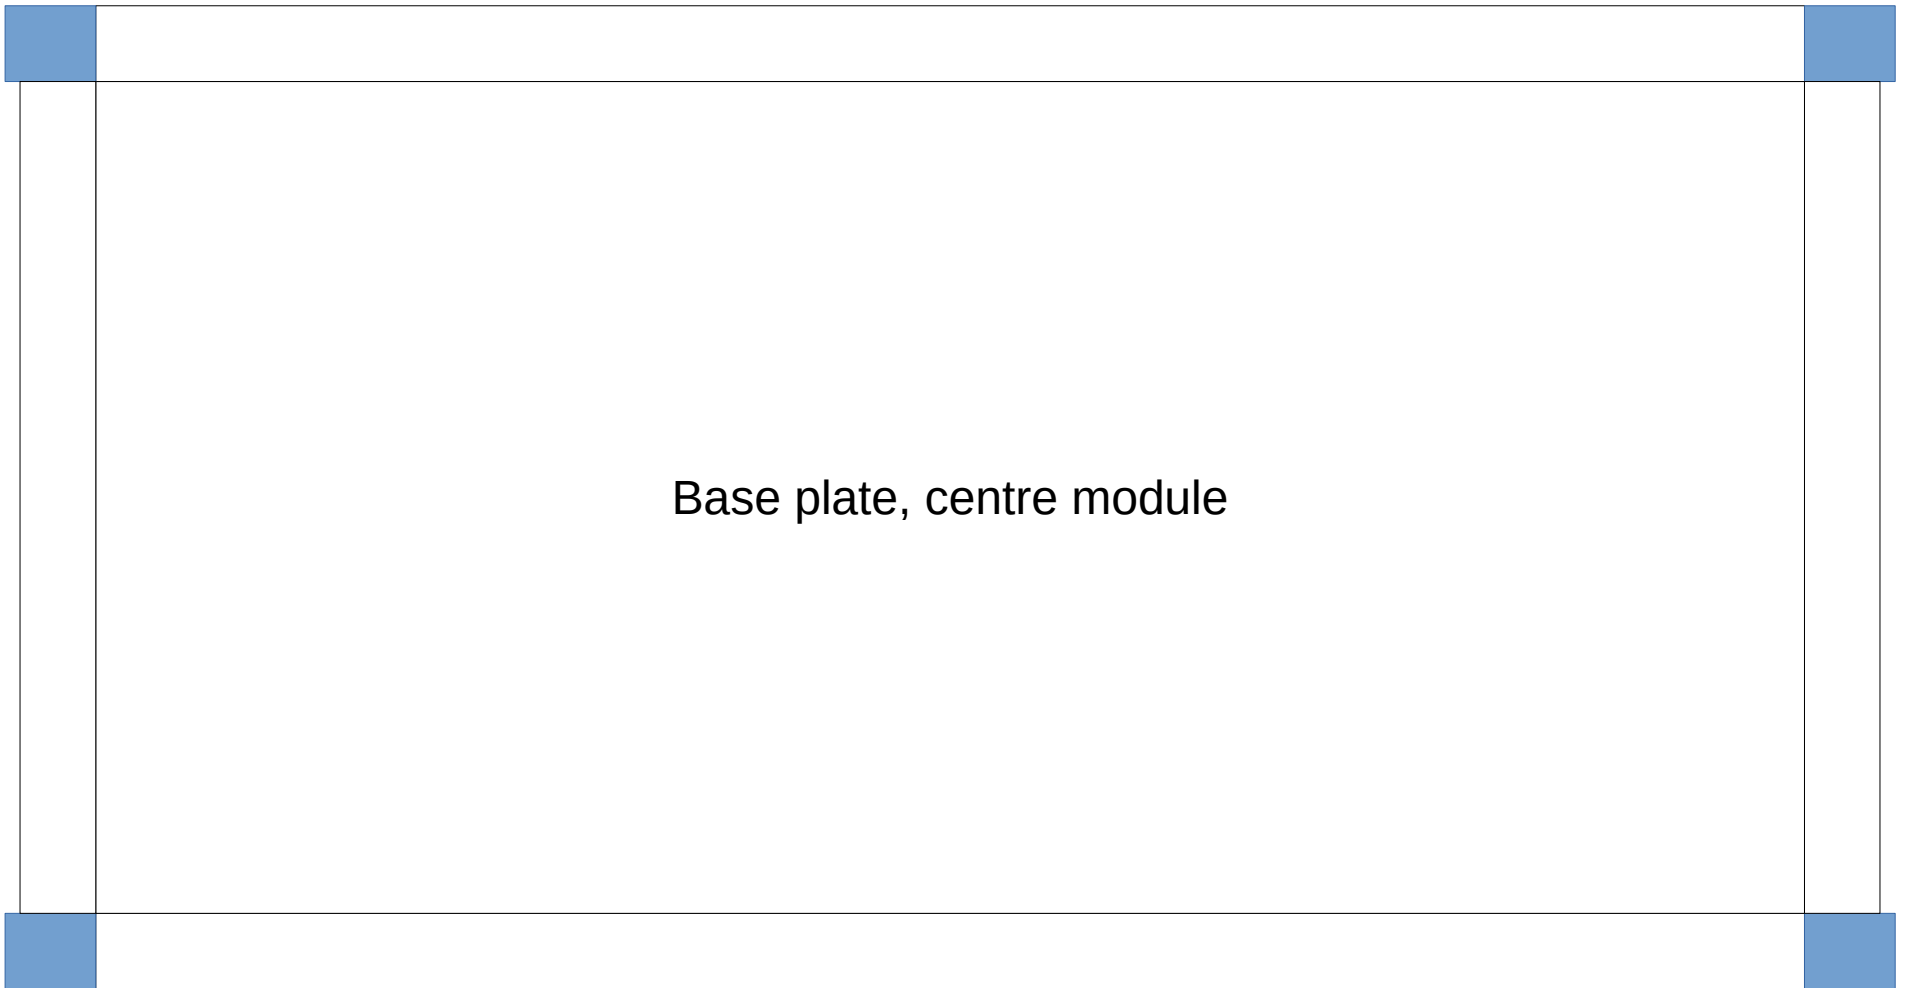

The diagram shows two identical carriage profile supports side-by-side. Each support consists of a central white rectangular area with a blue curved top edge. This central area is flanked by two vertical blue rectangular bars. Below the central area is a white trapezoidal base with a thin black border. The text 'Carriage profile supports' is centered within the white rectangular area of each support.

Base plate, centre module

The diagram shows two identical rectangular modules side-by-side. Each module is a large rectangle with a thin black border. At each of the four corners of these rectangles, there is a small, solid blue square. The text 'Base plate cab module' is centered within the left-hand rectangle.
